

HARARI NATIONAL LEAGUE SUPPORTERS

IN WASHINGTON METROPOLITAN AREA

3603 COLUMBIA Rd, Howard MD, 21044, U.S.A

MESSAGE OF SOLIDARITY

BY HNL SUPPORTERS IN WASHINGTON METROPOLITAN AREA

It is a great honor for us, Supporters of Harari National League in Washington Metropolitan Area, to convey our message of solidarity and appreciation to the Ethiopian people who; in the fourth national election, have cast their crucial vote to the parties of their choice peacefully, democratically and in a civil manner that is commendable by all peace loving citizens of the world.

We would also like to congratulate EPRDF, HNL and all Allies of EPRDF who, according to the preliminary election result declared by NEBE, have got the people's vote of confidence to lead the country in the right direction by intensifying the commendable jobs they have been doing in the past five years. On Sunday May 23rd the peoples of Ethiopia have shown how much they care for their freedom and sovereignty by saying "NO" to neo-liberals and on the great rally of May 25th voters across the country have demonstrated the same by condemning the Human Rights Watch for its meddling in the choice of the Ethiopian people and requested their votes be respected by all parties.

Thence, We supporters of HNL in Washington Metropolitan area here by condemn and advise such organizations as Human Rights Watch to refrain from such acts of meddling in the internal affairs of a sovereign people. Moreover we commit ourselves to support and work in collaboration with those parties freely and democratically chosen by the peoples of Ethiopia

Lastly, we extend our gratitude to the Ethiopian people in general and to the Harari people in particular for the support they have given to and the confidence they have bestowed on EPRDF, HNL and all the allies of EPRDF who are determined to promote and protect the rights of Nations and Nationalities enshrined in the constitution of the Federal Democratic Republic of Ethiopia.

The Future is Bright with EPRDF and its Allies
