Dear All Compatriot Tigreans, Nations and Nationalities and Eritreans,

All Tigrean Associations including SJTE, UTNA, Tigrean Women Association, MaEger, Tigray Community and Tigrean Youth Association have organized a grand/major protest to denounce the war that Abiy Ahmed and Esayas Aferki have launched against all nations and nationalities of Ethiopia in general and the genocide they are committing on Tigreans in particular.

We will be closing the 395 highway. We are thus inviting you to join this very critical grand/major protest. People will fly and drive from different states to join this historic protest to be a voice for the voiceless. The protest is scheduled to be held in Washington DC on Saturday, Nov 21, 2020 starting at 10:00 AM.
