A Message of Condolence, sympathy and
gratitude from United Tegar Youth Network (UTYN)

This is the saddest time in our lives. It is shocking with at most magnitude to hear the untimely death of our beloved Prime Minister Meles Zenawi. His Excellency was a hero of our generation; words cannot express how we feel. For decades he worked restlessly on behalf of the masses whom are less fortunate in paving a path to eradicate poverty.

The world lost one of its brightest sons. We now must turn to his Excellency's own words for solace to fill our void, as he has always said onto us; we are blessed and honored to know and call you ours. UTYN will always challenge ourselves to rise and reach your visualized dreams, we will work hand in hand with our brothers and sisters and all our countrymen to carry on the torch past the finish line.

In the mean time, we would like to express our deepest sympathy and condolence to the family members, friends, the people & government of Ethiopia. We will miss you so dearly our dearest premier and we will follow the lighting guide of your love for your people.

May your soul rest in peace!
